

PURPOSE

In these turbulent economic times, it becomes even more important to review our wills and estate plans for the security of our family's future. If you are in the sixty percent of Americans who don't have a will, now is the time to begin thinking about it. Changes in current law affecting existing estate plans could be critically important to the plan you already have in place. You can learn about those changes and much more at this free workshop.

Since 2004, the Freedom Foundation has presented free estate planning workshops around the state as our way of thanking you for supporting our work. Nothing is sold at these workshops. You will not be asked to sign up for anything. Come and learn from professional presenters who have been carefully selected, are experts in their field—and who love liberty too!

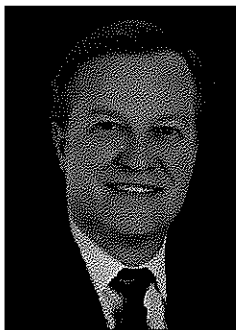

Feel free to bring your attorney or family advisor with you. Ask your spouse or grown children to join you if you'd like. This workshop is not about death and taxes. It's about planning for life. The entire day is free, including lunch. Our CEO Lynn Harsh will be there. We look forward to having you with us.

Attendance is limited to 30 people
Please RSVP by contacting
